

# PICNIC NETWORKING

## Group Members: \_\_\_\_\_

Next Saturday, our tenth grade math class is going on an End-of-the-Year Picnic. Last week in class we listed all of the things we would need for our picnic. Before we came, the class decided that it would be more efficient to break the class up into groups and divide the items among us. Today we are at Kroger to purchase all of the necessary items for our picnic. Listed below are the items that your group will need to buy:

### Group 1

Napkins  
Ice tea bags  
Hamburger buns  
Canned chili  
Grapes  
Sunscreen

### Group 2

Plates  
Hotdogs  
Coke  
Lettuce  
Brownie mix  
Charcoal

### Group 3

Hamburger meat  
Ice cream  
Pork and beans  
Pickles  
Apples  
Bug spray

### Group 4

Hotdog buns  
Cheese  
Frozen lemonade mix

Ketchup  
M & M's  
Knives

### Group 5

Chips  
Forks  
Relish  
Tomatoes  
Slice-n-Bake cookies  
Popcorn

### Group 6

Little Debbie snack cakes  
Sauerkraut  
Water  
Mustard  
Ice  
Onions

### Group 7

Mayonnaise  
Cups  
Beach ball  
Kool-Aid  
Chicken wings  
Chocolate syrup

**Instructions:** Find your items in the store and mark their location on the map provided. Then determine the most efficient route, starting and ending at the tables outside. Remember that first you have to stop at the bank for money and then at the end you have to check out.
